DesignLights Consortium® SSL – NLC Manufacturer Agreement
Solid-State Lighting, and Networked Lighting Controls

The entry into the field below for SSL Manufacturer will be hereinafter referred to in the remainder of the document as "SSL Manufacturer", subsequently the entry into the field below for NLC Manufacturer will be hereinafter referred to in the remainder of the document as "NLC Manufacturer".

SSL Manufacturer	<Automatically Inputted Based on Form>
NLC Manufacturer	<Automatically Inputted Based on Form>

SSL Manufacturer hereby represents and confirms that SSL Manufacturer has a business relationship with NLC Manufacturer to purchase and include components of one or more of the NLC Manufacturer's networked lighting control system(s) listed on the DLC Networked Lighting Control Qualified Product List within their SSL QPL listed luminaire, lamp, or retrofit kit. SSL Manufacturer confirms that associated networked lighting control system components can be installed with associated SSL QPL listed luminaires, lamps, or retrofit kits and operate as intended.

NLC Manufacturer hereby represents and confirms that SSL Manufacturer is authorized to purchase and resell components of one or more networked lighting control system(s) listed on the DLC Networked Lighting Control Qualified Products List. NLC Manufacturer confirms that said networked lighting control system components when installed in the associated SSL QPL listed luminaires, lamps or retrofit kits can operate as intended with the NLC QPL listed system(s).

SSL Manufacturer understands that if an associated NLC QPL listed NLC system is delisted voluntarily or due to any reason, any controls options code utilizing that system may be downgraded to a lower controls category. NLC Manufacturer is responsible for notifying any impacted SSL manufacturers at the time of delisting.
